**COMPUTER MATCHING FOR
NATIONAL SEX OFFENDER REGISTRY
&
INCOME DATA**

This is to advise you that Manchester Housing and Redevelopment Authority (MHRA) has access to computer matching data. This information will be utilized for all adult applicants and participants during recertifications including interim recertifications. Income data will be accessed through HUD's Enterprise Income Verification (EIV) System. MHRA will also access the National Sex Offender Registry to determine whether any member of the household is subject to a lifetime sex offender registration requirement. Additionally, at each annual recertification every family member eighteen (18) years and older will be checked for lifetime registration requirements through the National Sex Offender Registry.

This information, along with third party written verification, will be reviewed to ensure accurate tenant rent and Housing Assistance Payments (HAP) for each family.

Please provide all documentation regarding income, assets, and deductions for the family at your scheduled appointment.

Your cooperation is greatly appreciated.
